

Opportunity: QA Analyst
Team: Product Management
Location: Ames, IA
Status: Permanent, Full Time Position with Benefits (salary is based on experience)

EFC Systems has an immediate need for enthusiastic and talented individuals who are passionate about doing everything possible to verify quality software is released for our clients. As a member of our **Product Management** team, you will work closely with new releases to verify software functionality meets the desired requirements / results.

We are looking for individuals that have a positive attitude, are outgoing / energetic, tech-savvy, coachable and have excellent presentation skills. Prior experience working in a software development environment as a Q.A. Analyst or Technical Support Analyst is preferred and knowledge of business applications and / or the agriculture supply chain industry is a plus. The fast-paced, entrepreneurial culture of EFC Systems requires dynamic and self-motivated individuals who work well independently and/or as part of a team.

Responsibilities/Requirements:

- Plan / schedule testing activities around software releases and coordinate with affected teams
- Write effective test cases for system testing, functional testing, regression testing, etc...
- Execute test cases and promptly communicate the testing status to all affected parties
- Enter and track software defects in the ALM system
- Research defects reported by the technical support team
- Strong analytical, problem solving and excellent verbal/written communication skills
- Bachelor's degree preferred (Information Systems, and/or Computer Science)
- Well organized and attention to detail is a must

Our Mission:

EFC Systems is based out of Brentwood, TN and delivers innovative software solutions throughout the entire Agribusiness supply chain. Merchant Ag, Vanguard Ag, AgSolver and FieldAlytics are our core software solutions that serve the needs of agriculture retailers and wholesalers nationwide with comprehensive features comprised of financial/accounting, agronomy, feed manufacturing, retail point-of-sale, wholesale distribution, grain contracting, field data management and conservation / sustainability initiatives.

Benefits Include: Competitive salary, casual dress code, 401k plan, medical, attractive paid time off accrual, referral program and great coffee.

Next Steps: Send a copy of your resume to hr@efcsystems.com so that we may coordinate a brief introductory call to discuss our company, culture and rewarding career opportunities.
