

Opportunity: SQL Data Developer
Team: Data Services
Location: Brentwood, TN
Status: Permanent, Full Time Position with Benefits (salary is based on experience)

EFC Systems is a rapidly growing technology solutions company specializing in software for the agricultural supply chain. Merchant Ag, Vanguard Ag, AgSolver and our precision agronomy solution FieldAlytics are the four main products that serve the needs of agriculture retailers and wholesalers nationwide with comprehensive features comprised of financial/accounting, agronomy, feed manufacturing, retail point-of-sale, wholesale distribution, grain contracting and precision agronomy. This position is focused creating on our Merchant and Vanguard Ag solutions, which manages all aspects of a retail or wholesale operation focusing on financials, inventory management, customer management and other specific functionality that is unique to the agribusiness supply chain.

We are looking for a candidate with prior experience working with SQL who is passionate about working with data and helping solve business problems. Candidate needs to be self-motivated, capable of working independently and with a team. Knowledge of agriculture supply chain in a plus.

Duties:

- Design, develop, and implement solutions to import client data from various sources into our solution during the client on-boarding process or integration activity
- Modification or bulk import production data on behalf of existing clients
- Maintain and enhance existing processes for verification of data / data integrity checks
- Forensic analysis of issues and correction of production data caused by defects in production software

Required Skills/Characteristics:

- Detail oriented, thorough, and thinks to program cautiously/defensively
- Can take ownership of projects with minimal oversight
- Communicates effectively with team and project lead
- Prefer 2 or more years' experience manipulating data in Microsoft SQL Server using SQL / T-SQL

Notes:

- Options for partial remote work
- Planned flexibility of hours (in some cases client on-boarding activities must happen during off-hours)

Our Mission:

EFC Systems is based out of Brentwood, TN and delivers innovative software solutions throughout the entire Agribusiness supply chain. Merchant Ag, Vanguard Ag, AgSolver and FieldAlytics are our core software solutions that serve the needs of agriculture retailers and wholesalers nationwide with comprehensive features comprised of financial/accounting, agronomy, feed manufacturing, retail point-of-sale, wholesale distribution, grain contracting, field data management and conservation / sustainability initiatives.

Benefits Include: Competitive salary, casual dress code, 401k plan with matching, medical, attractive paid time off accrual (PTO) and a referral program.
