

EFC Systems, Inc.
9015 Overlook Blvd
Brentwood, TN 37027

Position: Software Trainer and Demonstration Specialist

Hours: Mon – Fri, 8:00am – 5:00pm (full time only)

Salary: DOE, plus benefits

Description:

Are you a superstar that enjoys working with like-minded individuals? If so, EFC Systems has an immediate need for enthusiastic and talented individuals who are passionate about being in front of clients and team members teaching, discussing and demonstrating software solutions. As a member of our **Training and Education** department, you will work closely with prospective/current clients and with other internal departments to deliver product demonstrations and training on our wholesale and retail software solutions developed by EFC Systems. We are looking for individuals that have a positive attitude, are outgoing/energetic, coachable and have excellent presentation skills to educate our clients. Experience supporting or implementing financial software solutions is required and knowledge of the agriculture industry is a plus.

EFC Systems delivers innovative software solutions throughout the entire Agribusiness supply chain. We have been providing software application and services to our clients since 1988. Our passionate team members employ modern technologies and anticipate industry trends to provide our client partners the tools and insight they need to manage their business. The fast-paced, entrepreneurial culture of EFC Systems requires dynamic, motivated and enthusiastic individuals who work well independently and/or as part of a team.

If you are interested in receiving additional information please email resume, salary history and requirements and a brief description explaining your ideal career opportunity to hr@efcsystems.com.

Responsibilities/Requirements:

- Help develop and deliver professional demonstrations and training curriculum for our wholesale & retail applications to both customers and internal team members
- Actively participate in trade shows and our user conference to help educate customers
- Ability to travel up to 50% of the time
- Excellent verbal and written communication, time management, and the ability to research/troubleshoot issues while working independently and in a team
- College degree preferred (Information Systems, Business Management, Accounting and Agriculture)
- Minimum one year experience as a software trainer, software implementer and/or project manager for point of sale/accounting software
- Must have a great work ethic with a high level of integrity to interact with our teams and clients
- Well organized, attention to detail and a positive attitude are required in order to deliver a successful training session

EFC Systems has been in business since 1988 delivering and supporting single-source, innovative, real-time Agri-business solutions that enable improved management insight into operations and help our customers succeed.
