

Opportunity: Q.A. Analyst
Team: Product Management (E.R.P./Business Applications)
Location: Brentwood, TN
Status: Permanent, Full Time Position with Benefits

EFC Systems is expanding our software quality team and are seeking an enthusiastic and talented individual who is passionate about doing everything possible to verify quality software is released for our clients. As a member of our **Product Management** team, you will work closely with new releases to verify software functionality meets the desired requirements and expected outcome.

Our **Q.A. Analyst** needs to be willing to learn new software, be tech-savvy, coachable, and be very detailed oriented. Prior experience working in a software development environment as a **Q.A. Analyst** or Technical Support Analyst is preferred and knowledge of business applications and / or the agriculture supply chain industry is a plus. The fast-paced, entrepreneurial culture of EFC Systems requires dynamic and self-motivated individuals who work well independently and/or as part of a team.

Responsibilities and Requirements

- Plan / schedule testing activities around software releases and coordinate with affected teams
- Write effective test cases for system testing, functional testing, regression testing, etc...
- Execute test cases and promptly communicate the testing status to all affected parties
- Enter and track software defects in the ALM system
- Research defects reported by the technical support team
- Strong analytical, problem solving and excellent verbal/written communication skills
- Bachelor's degree preferred (Information Systems, and/or Computer Science) and/or prior work experience as a Q.A. Analyst or Technical Support Analyst
- Well organized and attention to detail is a must

Our Mission

EFC Systems is based out of Brentwood, TN and delivers innovative software solutions throughout the entire Agribusiness supply chain. Merchant Ag, Vanguard Ag and FieldAlytics are our core software solutions that serve the needs of agriculture retailers and wholesalers with comprehensive features that helps our clients achieve operational efficiency by utilizing data to make more informed decisions.

Benefits Include: Competitive salary, casual dress code, 401k plan, medical, attractive paid time off accrual and referral program.

Next Steps: Send a copy of your resume to hr@efcsystems.com so that we may coordinate a brief introductory call to discuss our company, culture and rewarding career opportunities in more detail.
